CITY OF PORT ORFORD

DRINKING WATER WARNING

Boil Your Water Before Using

Due to loss of water pressure in the distribution system on **October 29, 2026**, potentially harmful bacteria could be present in the water supply. If these bacteria are present, they could make you sick and are a particular concern for people with weakened immune systems. The affected area is limited (see attached map), but if you have received this notice directly from your water provider, you are in the affected area.

AFFECTED AREAS

South side of Deady Street and Doug Johnson Lane, between 9th Street and 14th Street (as highlighted on the attached map).

Do not drink the water without boiling it first.

Customers should bring water to a rolling boil for 1 full minute, allow the water to cool before using, and store the cooled water in a clean container with a cover. Customers should use boiled water that has cooled or bottled water for:

- **Drinking**
- **Brushing teeth**
- **Washing fruits and vegetables**
- **Preparing food and baby formula**
- **Making ice**
- **Cleaning food contact surfaces**

City of Port Orford Public Works has repaired a 4-inch water main near the intersection of Jefferson Street and 9th Street and restored services. Precautionary boil water notices have been hand-delivered to all impacted customers. We will post updates on our website and place a second door hanger to inform you when tests show no bacteria and you no longer need to boil your water. We anticipate resolving the problem by **November 4, 2026**.

This boil water advisory is a precaution. To limit risk to health, customers should follow the instructions contained in this advisory.

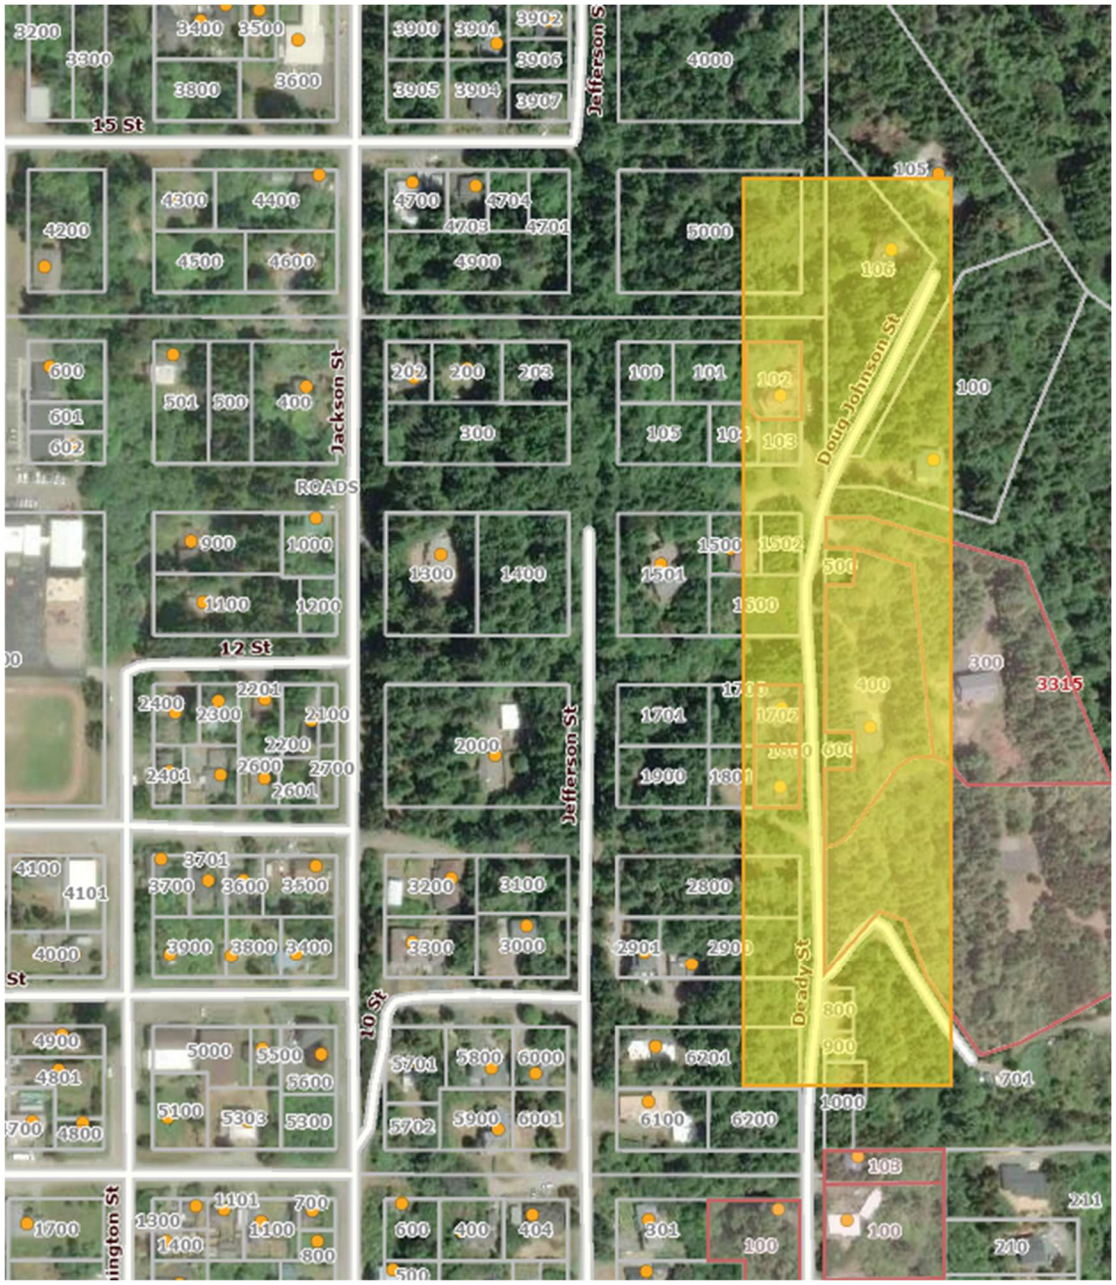

For more information, go to www.portorford.org/public-notices/ or contact Port Orford Water Plant at 541-332-8069 or contact the utility clerk at 541-366-4570 or email mclausen@portorfordor.gov. General guidelines on ways to reduce the risk of infection by contaminants in drinking water are available from the EPA Safe Drinking Water Hotline at 1-800-426-4791, the Oregon Health Authority, Drinking Water Services at 971-673-0405, or email info.drinkingwater@odhsoha.oregon.gov.

THIS NOTICE IS FROM THE CITY OF PORT ORFORD STATE WATER SYSTEM ID#41-00670 DATE DISTRIBUTED 10/29/2026
